

Centre for Collaborative Autonomous Systems

Advisory Board – Bio-sketch

Asgeir J. Sørensen

Professor

Department of Marine Technology, Norwegian University of Science and Technology

Asgeir J. Sørensen is Professor of Marine Control Systems (MSc 1988, PhD 1993), and he is currently acting as key scientist and the Director of the Centre for Autonomous Marine Operations and Systems (NTNU AMOS) and NTNU VISTA CAROS. Prof. Sørensen is co-founder of the company *Marine Cybernetics AS*, where he was acting as President and CEO from 2002 to 2010. In 2012, 2015 and 2017 Sørensen became a co-founder of the companies *Ecotone AS*, *Eelume AS*, *SESx Marine Technologies AS* and *Zeabuz AS*, respectively. He has authored more than 300 scientific articles and book chapters, and he is engaged in bringing fundamental research results into value creation by innovations and entrepreneurships.
